STARLED

MADE IN EU design by KD

# starLED complete illumination extra slim

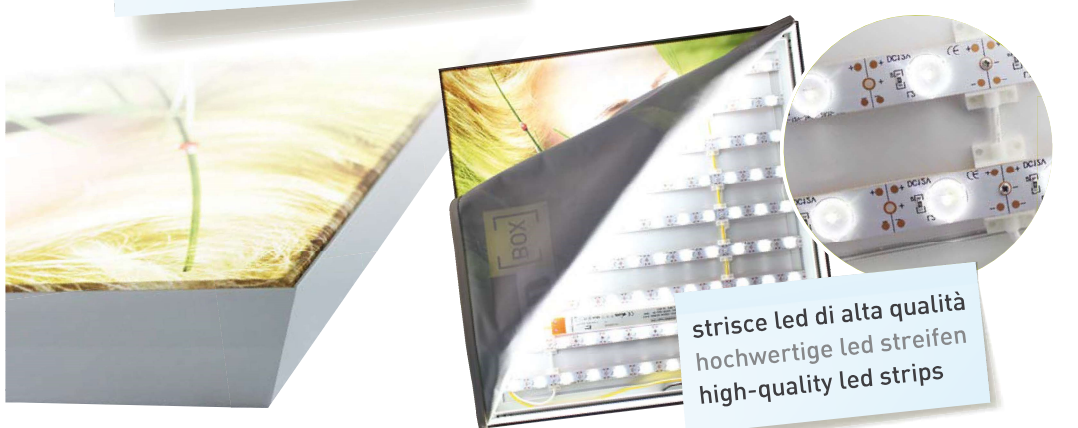

## your advantages

- ➔ forte illuminazione e cornice invisibile
- ➔ extra starke leuchtkraft und unsichtbarer rahmen
- ➔ extra strong illumination and invisible frame

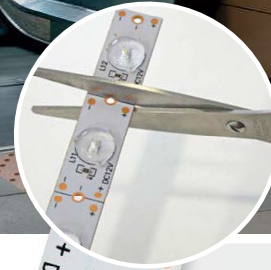

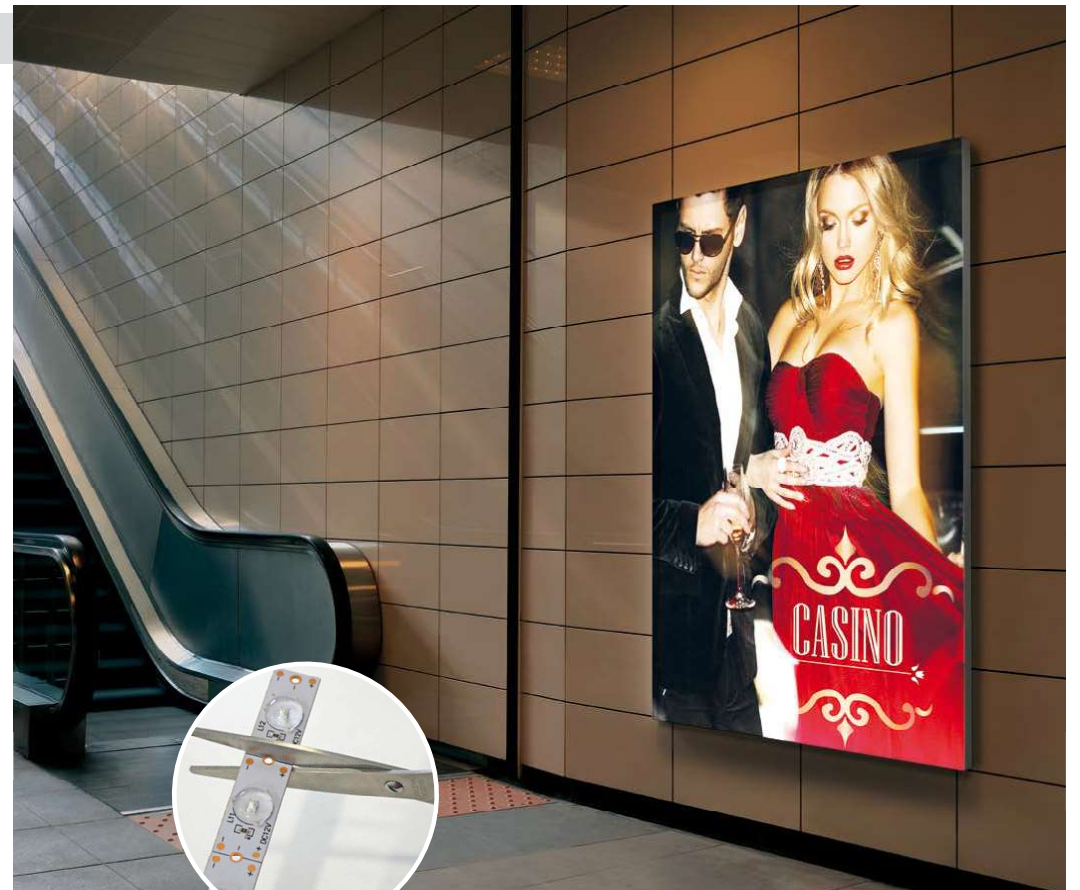

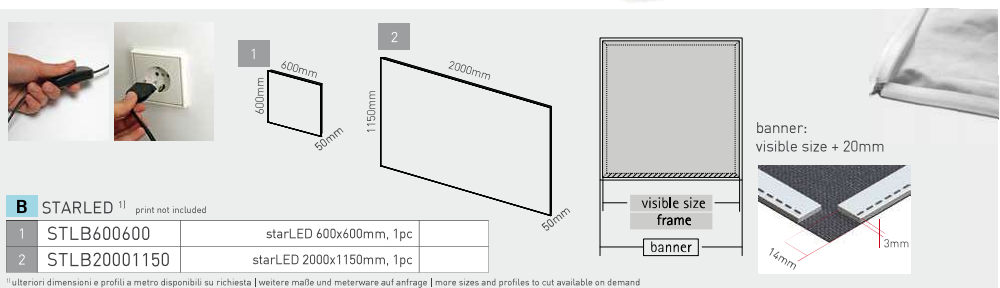

**IT** un messaggio davvero brillante! la cornice illuminata starled per banner in tessuto è una vera e propria attrazione. la tua stampa sarà valorizzata grazie all'illuminazione con tecnologia led moderna ed elegante. i profili in alluminio anodizzato color argento sono tagliati a 45° tagliati verso l'interno sono praticamente invisibili. le strisce led sono montate su un pannello in alluminio composito, mentre i cavi di alimentazione sono posti lateralmente garantendo alla cornice uno spessore di soli 50mm.

**DE** eine echte glanzleistung: das beleuchtete stoffbanner-rahmensystem starled ist ein strahlender hingucker. ihr druck kommt durch die komplette ausleuchtung dank modernster, hochwertiger led-technologie voll zur geltung. der silber eloxierte aluminiumrahmen wurde nach hinten abfallend konzipiert, so dass er kaum sichtbar ist. ein aluminium-verbund paneel dient als trägerwand für die ledstreifen. kunststoffstreifen ermöglichen die verlegung des kabels so dass der rahmen mit nur 50mm tiefe extrem schmal ist.

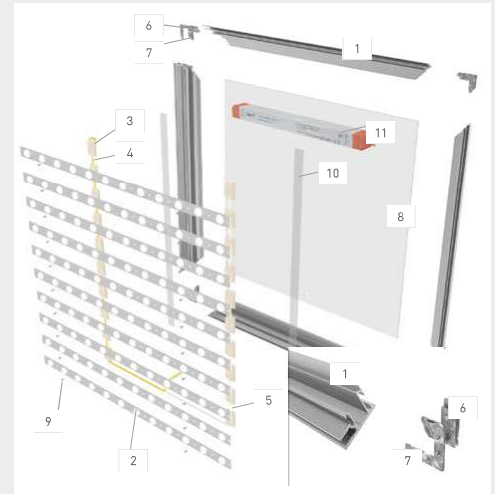

**EN** brilliant performance: starled the illuminated frame for textile banners is an extra bright eye-catcher! your print will gain full attention thanks to modern high-quality led technology. the silver anodized aluminium frame is shaped backwards, making the frame almost invisible. the led strips are mounted on an aluminium composite panel with synthetic strips for cable feed allowing an extremely low frame thickness of only 50mm.

strisce led di alta qualità  
hochwertige led streifen  
high-quality led strips

- 1 silver anodized aluminium profile, edges are mitered at 45°
- 2 first choice led-lights: 12 led per strip with 3,6W (12V) each
- 3 synthetic supports for led mount
- 4 electric cable
- 5 electric cable
- 6 edge connectors made of zincd metal
- 7 edge connectors made of zincd metal
- 8 kingbond panel
- 9 screws
- 10 double adhesive tape
- 11 transformator
- 12 banner piping for sewing
- 13 banner piping self-adhesive

illuminated pockets **FLY SHINE LIGHT**

# illuminated acrylic poster pockets wall or ceiling suspension

## your advantages

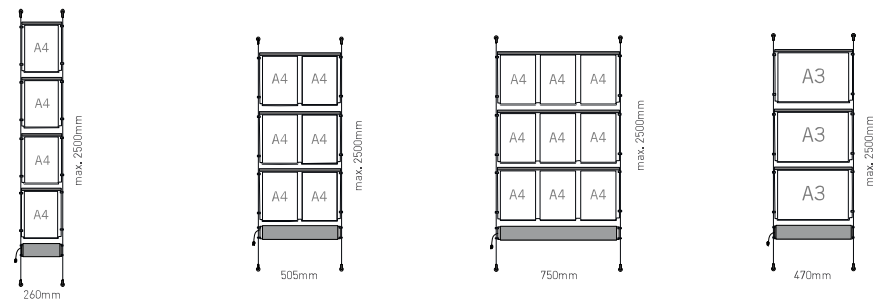

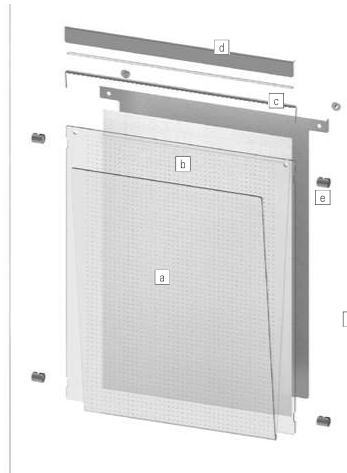

- ➔ luce uniforme tra le tasche soluzione pronta e completa
- ➔ gleichmäßige ausleuchtung aller postertaschen, Komplettlösung
- ➔ uniform illumination of the poster pockets complete set all inclusive

**IT** tasche porta informazioni monofacciali di altissima qualità. una soluzione applicabile con semplicità alla parete e al soffitto. le componenti elettriche sono premontate: per il montaggio basterà quindi fissare i cavi, la scatola del trasformatore e il pannello. l'illuminazione resta uniforme tra le tasche nonostante il passare degli anni. la scatola del trasformatore può essere personalizzata con loghi e slogan.

**DE** hochwertige einseitige, beleuchtete postertaschen, die lösung für wand- oder deckenabhängung. wir liefern bereits am spannsel montiert, Sie müssen nur noch die befestigungen anbringen und die transformatoren und paneele in der höhe einstellen. eine gleichmäßige und uniforme ausleuchtung ist garantiert, gleichbleibende leuchtkraft der paneele auch über längere zeit. der transformator lässt sich mit logos oder slogans personalisieren.

**EN** top-quality, single-sided poster pocket. a solution for wall or ceiling suspension. comes already assembled, simply fix the wall mounts and adjust the height. uniform illumination of the poster pockets. the transformer box can be customized with logos and slogans.

V. SHARK RESTYLE

MADE IN EU design by KD

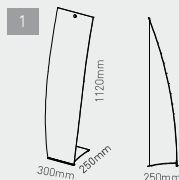

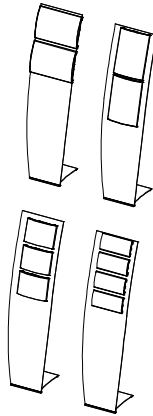

**IT** L' espositore da terra autoportante velo shark ha ancora più carattere nella sua nuova versione restyle: il pannello metallico laccato bianco può essere completato con le varie tasche portainformazioni pixquick disponibili in diversi formati. Il pannello metallico e la base in alluminio garantiscono una grande stabilità. Il nostro consiglio: utilizzalo anche per appendere dei fogli e fissarli semplicemente con una calamita.

**DE** das beliebte freistehende bodendisplay velo shark bietet in der restyle version extra biss: das matt weiß lackierte metall-paneel kann von ihnen frei mit postertaschen pixquick in verschiedenen formaten gestaltet werden. metall-paneel und aluminium basis sorgen für sicheren stand. unser tipp: bringen sie einfach und schnell infoblätter mit magneten am paneel an.

**EN** the popular free standing floor display velo shark has even more teeth in the redesigned version: to the matt white coated metal panel you can easily attach our poster pockets pixquick in different formats. our tip: fix paper information with magnet buttons directly to the panel.

fixing system

FISSART 45°

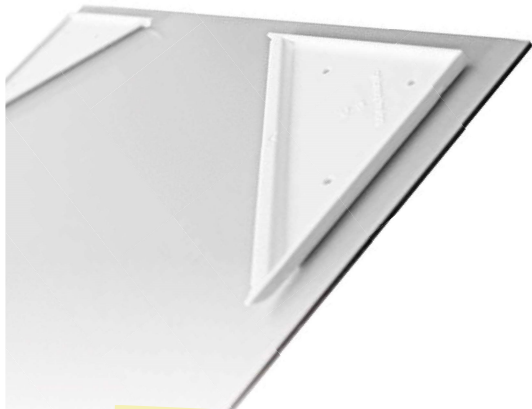

# invisible & clever mounting system always straight position

**IT** fissart 45° è il sistema di fissaggio invisibile perfetto per targhe di segnaletica, pannelli pubblicitari e decorativi. vantaggio assoluto è che l'informazione risulta ben dritta anche nel caso in cui i fori a muro siano stati effettuati con un dislivello fino a 5cm. per il montaggio posizionare fissart 45° sul retro del pannello e incollarlo con il nastro biadesivo. applicare poi le viti a muro, appendere e aggiustare l'inclinazione dell'immagine. sistema semplice. le 2 viti a muro con tasselli sono incluse nella confezione.

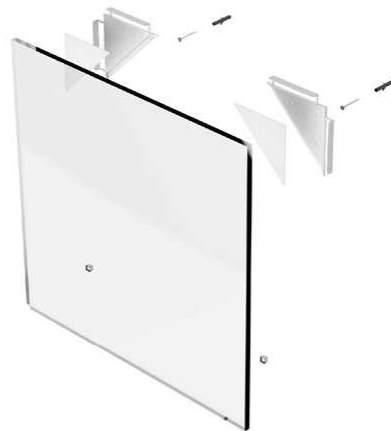

**DE** fissart 45° ist das perfekte, unsichtbare Befestigungssystem für bilder, schilder, paneele oder werbetafeln. der clou ist, dass das bild gerade hängt, auch wenn die wandschrauben bis zu 5cm höhen-versetzt montiert wurden. einfach die fissart 45° dank randabstandsbügel auf der rückseite des paneels positionieren und festkleben. danach auf 2 wandschrauben aufsetzen und gerade ausrichten – ganz einfach. mit dabei sind je zwei wandschrauben mit dübel.

**EN** fissart 45° is the perfect invisible mounting system for pictures, signs, panels or promotion boards. the clever system allows to position a panel straight even with a difference height up to 5cm of the wall screws. simply place the fissart 45° on the rear side in position and fix with double adhesive tape. then hang on the wall screws and straighten the panel - very simple and manageable. included are two wall screws with dowels.

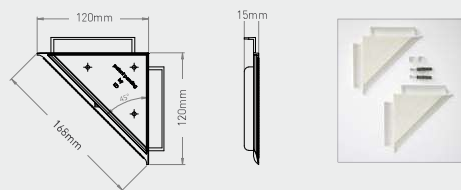

## your advantages

- ➔ invisibile regolabile manualmente
- ➔ unsichtbar nur von hand gerade ausrichten
- ➔ invisible put it straight just by hand

flagpole without hoisting **TURNIER**

# standard flagpole without hoisting device

**IT** la versione base delle nostre bandiere: pennone in prezioso alluminio anodizzato color argento con supporto per la base da interrare, sistema verticale per issare la bandiera grazie ai tiranti, peso anti-sollevamento e per una rimozione facile della bandiera stessa. il pennone viene consegnato in 3 parti, per un trasporto ottimale. consigliamo l'utilizzo di un dispositivo di ribaltamento per lo scambio più semplice della bandiera.

**DE** die basis version unserer fahnensysteme: fahnenmast aus hochwertigem silber eloxiertem aluminium mit bodenhülse zum einbetonieren, vertikaler fahnentuchführung durch gurtschlaufen am mast, gewicht gegen hochwehen und für ein leichtes einholen der fahne. geliefert wird der mast transportoptimiert in drei teilen. wir empfehlen die kippvorrichtung für den einfachen fahnentausch.

**EN** the basic version of our flagpole systems: flagpole made of high-grade silver anodized aluminium with a ground sleeve to set in concrete, vertical guidance of the flag on the pole, weight to protect the flag from flying up and to take it easily down. the flagpole is delivered in three pieces for better transport. we suggest the tilting device for a simplified flag exchange.

flagpole with hoisting **BURAN**

# premium flagpole hoisting device with cranc

**IT** la bandiera per le richieste più esigenti: buran è composta da un pennone a sezione cilindrica in alluminio anodizzato color argento e garantisce un cambio della bandiera particolarmente rapido e pratico. il pennone può essere alzato o abbassato grazie al funzionale sistema a manovella.

**DE** die fahne für die höchsten ansprüche: buran besteht aus einem zylindrischen fahnenmast aus silber eloxiertem aluminium und überzeugt durch einen besonders schnellen und bequemen fahnenwechsel. dank der integrierten kurbel wird der fahnenausleger ganz einfach nach oben und unten bewegt.

**EN** this flag satisfies even the highest standards: buran is a cylindric flagpole made of high-grade silver anodized aluminium which offers a particulory quick and simple flag exchange. thanks to the cranc the flag arm can be easily taken up and down.
