signcode eXtern

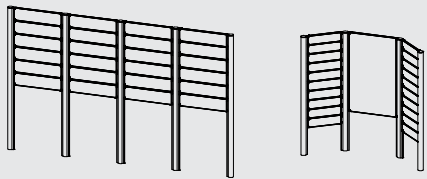

MADE IN EU design by KD

IT un perfetto sistema di segnaletica si vede in primo luogo da come le indicazioni collocate all'esterno accolgono i visitatori. grazie alla nostra nuova gamma di signcode extern bifacciale e flessibile è possibile combinare 45 formati diversi in modo modulare. le indicazioni bifacciali possono essere personalizzate tramite stampa diretta o plastificazione. le indicazioni vengono inserite nel prodotto e sono intercambiabili in qualsiasi momento. i materiali sono di alta qualità e adatti all'uso esterno, grazie alle nostre speciali basi, signcode extern avrà un grande successo anche negli spazi interni.

DE zu einem perfekten wegleitungssystem gehört bereits der empfang im aussenbereich. mit unserem doppelseitigem flexiblen signcode extern programm können sie 45 verschiedene masse kombinieren und modular gestalten. die doppel-seitigen tafeln können mit direktdruck oder laminat personalisiert werden, die tafeln werden eingeschoben und sind jederzeit austauschbar. alle materialien sind hochwertig und für den aussenbereich geeignet. aber auch im innenbereich macht signcode extern mit unseren speziellen basen eine gute figur.

EN perfect signage welcomes visitors already to the outdoor area. with our double sided flexible signcode extern program you can combine 45 different sign sizes and design them in a modular way. the double sided signs can be customized with direct print or lamination, the signs are simply inserted and can be exchanged at anytime. all materials used are high grade and perfect for outdoor use. but also for indoors, you can use signcode extern with our special bases.

special tool for easy opening and exchange of information, injection die-casting made of nylon.

signcode®

MADE IN EU design by KD

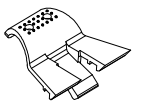

IT signcode è il nuovo sistema modulare con chiusura a pressione realizzato con profili in alluminio anodizzato color argento. grazie al design e alla struttura il cambio delle informazioni è sempre pratico e veloce. signcode è disponibile in molti formati, è mono- e bifacciale ed ideale per applicazioni a parete e a soffitto. vi offriamo signcode in due versioni: con un pannello di alluminio verniciato color bianco o con un protettivo trasparente in PS. la cornice smussata con spessore di 4mm e gli angoli stampati in materiale sintetico verniciati in color argento rendono signcode discreto ma tuttavia elegante. per un colpo d'occhio che non passa inosservato.

DE signcode das vielfältige stecksystem mit federverschluss aus silber eloxierten aluminiumprofilen. dank des cleveren designs ist der info-austausch jederzeit schnell und einfach. signcode ist erhältlich in vielen grössen, ein- oder doppelseitig als wand-, decken- oder fahnschild. wir bieten signcode in zwei versionen: mit weiss beschichtetem aluminiumpaneel oder einer transparenten ps-abdeckung. ein gepaster, diskreter rahmen von 4mm und die versilberten kunststoff-spritzgusscken machen ihr signcode zu einem variablen und eleganten hingucker.

EN signcode is the variant connector system with dip locking made of silver anodized aluminium profiles. thanks to the clever design the exchange of information is quick and easy at anytime. signcode is available in many sizes, single and double sided, as wall, flag or ceiling sign. we offer signcode in two different versions: with a white coated aluminium panel or a transparent PS-cover, a beveled and discrete 4mm frame and the silver die-cast synthetic edge connectors make your signcode a variable yet elegant eye-catcher.

dima

MADE IN EU design by KD

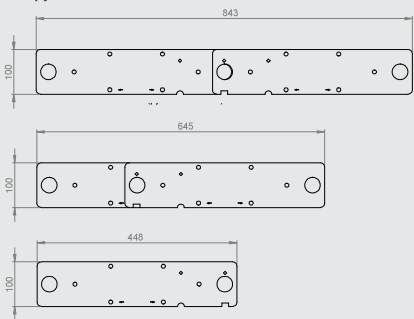

IT questa pratica dima è stata pensata per facilitare il montaggio dei sistemi di segnaletica outdoor signcode estern e pylo outdoor, entrambi i modelli disponibili sono in metallo zincato, possono essere impostati in modo variabile e si abbinano perfettamente ai due rispettivi sistemi. in questo modo potrà risparmiare tempo e rendere il montaggio ancora più veloce.

DE für die montage unserer info-leitsysteme im aussenbereich: signcode extern und pylo outdoor bieten wir praktische montage-schablonen an. beide schablonen sind aus verzinktem metall, variabel einstellbar und passen genau zu den jeweiligen modellen, damit wird die montage dieser systeme noch einfacher und sie sparen zeit!

EN to mount the signage systems signcode extern and pylo outdoor we provide you with convenient jigs. both jigs are made of zincated metal and can be adjusted according to the relative models, our dima makes your job more easy and safes you time!

signcode® colors

MADE IN EU design by KD

IT l'innovativa segnaletica signcode colors offre un sistema direzionale a colori integrato nella cornice, adatti per indicatori a bandiera verticali o orizzontali. oltre ai 4 colori standard della segnaletica di sicurezza, diamo la possibilità di scegliere fra ulteriori 4 colori. come già previsto dal sistema signcode, anche in questo caso sono disponibili le due versioni: con pannelli in alluminio per stampa diretta o con un protettivo trasparente in PS, che permette l'inserimento di stampe realizzate su supporto cartaceo. entrambi i sistemi sono a prova di manomissione, ma permettono comunque una semplice e veloce sostituzione d'informazioni evitando di smontare l'intera targa. signcode colors: segnaletica innovativa con un moderno sistema direzionale a colori.

DE das innovative beschilderungssystem signcode colors bietet exklusiv ein rahmenintegriertes farbleitsystem der vertikalen bzw. bei fahnschilder der horizontalen seiten, neben den 4 normfarben für die sicherheitsbeschilderung bieten wir ihnen weitere 4 farben zur auswahl. wie beim signcode system können sie direktbedruckte paneele verwenden oder die version mit papiereinleger hinter transparenter abdeckung. beide systeme haben einen manipulationschutz und können dennoch jederzeit ganz einfach ohne demontage gewechselt werden. signcode colors: innovative beschilderung mit modernem farbleitsystem.

EN the innovative signage system signcode colors offers you a directional system with colours integrated into the frame, adapt for both flag or horizontal use. over and above the 4 standard security colours, we give you the choice of a further 4 colours. just like the signcode signage you can use panels with direct print or paper print under transparent covers. both systems have a tamper-proof lock and you can change the information anytime easily without disassembling. signcode colors. innovate signage with modern color coding.

pannello in alluminio, spessore 1,2 mm, di colore bianco RAL9016, per decorazione con pellicole adesive o per stampa diretta, per esempio con il sistema printolux

aluminium panel 1,2mm beschichtet in RAL9016 weiss, für aufkaschieren oder direktdruck, z.b. mit printolux system

aluminium panel 1,2mm coated in RAL9016 white, for laminating or direct printing, e.g. with the printolux system

protettivo trasparente in PS antriflesso, spessore 1,2 mm, per stampa su carta; sul retro può anche essere decorato con pellicole adesive o stampato direttamente

abdeckung aus 1,2mm starkem nicht reflektierendem PS, für papierdruck, kann aber auch rückseitig aufkaschiert oder direkt bedruckt werden.

cover made of 1,2mm thick non reflective PS, for paper prints, it can also be laminated or printed on the rear side.

inserire nella cornice il pannello in alluminio o in PS trasparente e chiudere il sistema lateralmente. per aprire la cornice basta premere sul gancio di sicurezza con una tessera plastificata tipo carta di credito.

paneel aus alu oder transparentem PS einschieben und seitlichen verschluss einclicken. zum öffnen einfach die sicherung mit einer scheckkarte lösen.

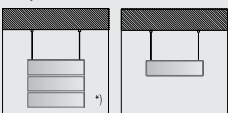

insert panel made of aluminium or transparent PS and click in the lateral side part. for opening simply loosen the latch with a slim card.

signcode plus wall

IT signcode plus wall, un sistema in perfetto abbinamento con la serie signcode extern. il grande vantaggio? i pannelli vengono fissati a scatto. in questo modo sarà possibile sostituirli in ogni momento senza dover smontare l'intera struttura. nel volume di consegna riceverà delle clip con nastro biadesivo da montare al pannello, quest'ultimo potrà poi essere fissato a scatto alla cornice. per toglierlo in seguito basterà utilizzare una semplice ventosa. i pannelli possono essere personalizzati tramite stampa diretta o laminatura. una soluzione perfetta per la segnaletica indoor e outdoor in grande formato.

DE passend zur signcode extern serie unser system signcode plus wall für die wandmontage. der drou dabei: die paneele werden einfach eingeklickt und sind damit jederzeit schnell und ohne demontage des rahmens austauschbar, sie montieren die im lieferumfang enthaltenen clips mit doppelkleber am paneel und klicken das paneel in den rahmen ein, abgenommen wird das montierte paneel dann ganz einfach mit einem haftsauer, die paneele sind mit direktdruck oder laminat personalisierbar. wir empfehlen signcode plus wall für grossformatige beschilderung im innen- und aussenbereich.

EN matching with our signcode extern series we recommend the system signcode plus wall for signage with bigger format in- and outdoor. the chief attraction is the click system: panels are simply clicked to the frame and are thus quick exchangeable without disassembling of the frame. you mount the clips with double adhesive tape to the panel and simply click it on the profile frame. you can easily remove the panel with a suction cup. the panels are perfectly customizable with direct print or laminate.

pulire il pannello, posizionare e incollare le clip
paneel reinigen, clips positionieren und aufkleben
clean panel, place clips and glue

rimuovere gli elementi ausiliari montaggiohilfe entfernen
remove positioning pattern

far scattare il pannello nella cornice
das paneel in den rahmen einklicken
click the panel to the frame

per rimuovere il pannello utilizzare una ventosa
zum austausch paneel mit haftsauer abheben
lift the panel to remove with suction cup

silver anodized aluminium profile, silver matt metal die-cast corners, 1,5mm white coated aluminium panel, white synthetic clips, wall distance 20mm

signcode plus suspension & flag

suspension

IT signcode plus suspension segue il design della cornice di signcode extern ed è utilizzabile sia in ambienti esterni che interni come sistema di segnaletica bifacciale su cavi a soffitto. signcode plus flag è pensato invece come segnaletica bifacciale a bandiera. i pannelli vengono personalizzati tramite stampa diretta o laminatura per poi essere incollati alla cornice con il silicone.

DE signcode plus suspension folgt dem rahmendesign von signcode extern und kommt im innen- und aussenbereich als doppelseitiger info-träger decken-abgehängt am seil zum einsatz. signcode flag plus eignet sich für die wandmontage als doppelseitiges fahnen Schild. die paneele werden mit direktdruck oder laminat personalisiert und danach mit silikon verklebt.

EN signcode plus suspension follows the frame design of signcode extern and is applied in- and outdoors as a suspended, double-side information sign. signcode flag plus is perfect for wallmounted flag signs. the panels are customized with direct print or laminate and then glued with silicone to the frame.

flag

attaccare il pannello con silicone
paneele mit silikon verkleben
glue the panels with silicone

advantages

fire extinguishers not included

fireman

MADE IN EU design by KD

IT fireman è il segnalatore autoportante per estintori, ideale laddove non sia possibile allestire un tipo di segnaletica permanente; per esempio in ambienti vincolati alla tutela dei monumenti o per eventi itineranti di ogni tipo, è sufficiente posizionare l'espositore fireman e appoggiare l'estintore sulla base. in caso di emergenza l'estintore è facilmente identificabile e sempre pronto all'uso.

DE fireman die mobile beschilderung ist genau das richtige, wenn eine fixe sicherheitsbeschilderung nicht erwünscht oder möglich ist, wie z.b. in denkmalgeschützten gebäuden und bei events aller art, fireman einfach aufstellen und den löschers auf die basis stellen. im ernstfall ist der löschers gut zu identifizieren und schnell bei der hand.

EN fireman, the mobile signage for fire extinguishers, is perfect where fixed mounted signage is undesired such as heritage protected buildings or events of any kind. simply position the mobile signage fireman and put the extinguisher on the base. in case of emergency the extinguisher is easily located and quickly at hand.

adattatore per la sospensione dell'estintore, alluminio anodizzato color argento, regolabile in altezza, fissato con 2 viti, altezza consigliata per l'applicazione è di 800mm

adapter zum aufhängen des feuerlöschers, silber eloxiertes aluminium, höhenverstellbar, mittels 2 schrauben fixiert, empfohlene maximale höhe zur anbringung ist 800mm

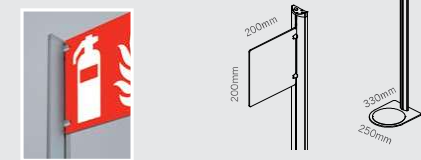

adapter for the suspension of the extinguisher; silver anodized aluminium, adjustable in height, recommended maximum height for attachment is 800 mm

signbox

IT con signbox è possibile progettare la propria segnaletica rapidamente e secondo le norme internazionali: i nostri pittogrammi corrispondono agli standard ISO, riconosciuti per legge nell'unione europea e in molti paesi in tutto il mondo. Le immagini per la sicurezza in caso d'incendio, le vie di fuga e le disposizioni di sicurezza sono degli standard in tutti gli edifici, sia nel settore pubblico, sia in quello privato. Le diverse versioni di signbox offrono simboli per le varie categorie previste dalla legge, così come immagini per le informazioni generali. Tutti i pittogrammi sono forniti come materiale grafico in diversi formati in un pratico cd.

DE mit der signbox gestalten sie ihre beschilderung schnell und gemäss international gültiger norm: wir liefern alle piktogramme gemäss ISO standard, die in der europäischen union und vielen ländern weltweit als gesetzlicher standard anerkannt sind. piktogramme für brandschutz, fluchtweg und sicherheitshinweise allgemein gehören zum standard in allen gebäuden der öffentlichen hand und der privatwirtschaft, die verschiedenen versionen von sign-box bieten jeweils symbole der gesetzlich vorgeschriebenen kategorien oder informations-piktogramme. alle symbole erhalten sie als reinzeichnung in unterschiedlichen dateiformaten auf einer praktischen cd.

EN with signbox you can design your safety signage quickly and in accordance with international standards: we provide you with all pictograms according to the ISO standard which are recognized by law in many european countries as well as worldwide. symbols for fire safety, escape routes and safety signs are part of the standard signage in all buildings in both the public and private sectors. the different versions of signbox provide you with pictograms regulated by law as well as with symbols for public information. all pictograms are saved in different file formats on the convenient cd as final artworks.

FILE FORMATS: cdr, dwg, eps, jpeg, pdf, wmf

si prega di controllare, nell'utilizzo dei pittogrammi, che le dimensioni e i colori corrispondano alle norme nazionali in vigore, in caso di differenze è necessario apportare modifiche.

bitte prüfen sie im verwendungsfall der piktogramme, dass grössenverhältnis und farbwerte immer den jeweils gültigen nationalen normen entsprechen und nehmen sie bei abweichungen die erforderlichen änderungen vor.

please check when using the symbols that size and colour correspond with the respective national standards. In case of divergence pictograms must be changed.

2 magneto sign 150x300mm

magneto sign

MADE IN EU design by KD

IT pratico e attraente: grazie al sistema magnetico invisibile potrà cambiare i pannelli magneto sign in ogni momento, velocemente e senza attrezzi. il bordo stretto e la fuga d'ombra della cornice donano al sistema un look perfetto sia per ambienti esterni che interni. magneto sign può essere montato a muro sia orizzontalmente che verticalmente.

DE anziehend praktisch: mit magnet unsichtbar befestigt lassen sich die magneto sign paneel jederzeit ohne werkzeug ganz leicht und schnell austauschen. der schmale rand und die schattenfuge des rahmens ergeben den perfekten look für den innen- und geschützten außenbereich. magneto sign empfiehlt sich für die wandmontage horizontal oder vertikal.

EN attracting convenience: invisibly mounted with magnet the magneto sign panels can be exchanged anytime without tool quickly. the lean edge and the shadow gap of the frame provide a perfect look for interior and protected outdoor signage. magneto sign is recommended for wall mounting horizontally and vertically.

advantages

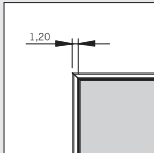

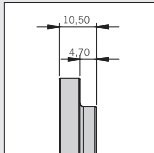

- ✓ fissaggio e connettori angoli invisibili
unsichtbare befestigung und eckverbinder
invisible fixing and edge connector
- ✓ bordo sottile della stampa
schmale druckumrandung
lean frame of the print
- ✓ cambio del pannello veloce e senza attrezzi
paneel ohne werkzeug schnell ausgetauscht
panel quickly exchanged without tool
- ✓ fuga d'ombra
schattenfuge
shadow gap

glassnox

MADE IN EU design by KD

IT grazie al disegno intelligente l'informazione può essere cambiata in modo semplice e veloce. basta spingere la protezione in acrilico color blu cristallino o in vetro temperato in alto per aprire la cornice. la cornice extra piatta in acciaio inox spazzolato rende elegante qualsiasi presentazione. tutti i prodotti glassnox possono essere fissati su le superfici lisce con il biadesivo speciale. glassnox è ideale per la segnaletica interna per porte o piani o come porta informazioni.

DE dank des cleveren designs ist jede einzelblattinfo schnell und einfach zu wechseln. die abdeckungen aus kristallblauem acrylglas oder temperiertem glas werden zum öffnen einfach nach oben geschoben. der extra flache und schlanke rahmen aus gebürstetem edelstahl gibt jeder präsentation den richtigen rahmen. alle glassnox produkte können auch mit speziellem doppelkleber auf glatten oberflächen befestigt werden. glassnox ist ideal für die elegante tür- und etagenbeschilderung oder häufig wechselnde information.

EN thanks to its clever design every information can be exchanged quickly and easily. the covers made of crystal blue acrylic or tempered glass are simply pushed upwards to open the frame. the extra flat frame in brushed stainless steel gives your presentation a trendy look. all glassnox products can be also mounted with special adhesive tape to smooth surfaces. glassnox is perfect for the elegant signage as well as for the frequent exchangeable information.

printosign

MADE IN EU design by KD

IT Le targhe printosign sono in alluminio anodizzato color argento, hanno uno spessore di 3mm, presentano gli angoli arrotondati e i bordi smussati. printosign si può personalizzare su entrambi i lati, con una stampa diretta o con un laminato. vi offriamo le targhe printosign in molti dei formati più comuni, da fissare a parete con pixif o con il resistente ma removibile biadesivo a peduncoli plastici. entrambe le soluzioni sono semplici e veloci da montare.

DE printosign-schilder sind aus 3mm starkem silber eloxiertem aluminium mit abgerundeten ecken und gefasteten kanten. sie können beidseitig mit direktdruck oder aufkaschieren personalisiert werden. wir bieten ihnen die printosign-schilder in vielen gängigen formaten zur wandbefestigung mit pixif oder stark haftendem, wieder lösbarem pilzkopfband an. beide systeme sind einfach und schnell zu montieren.

EN printosign panels are made of 3mm thick silver anodized aluminium with rounded corners and beveled edges. you can customize them on both sides with digital prints or laminates. we offer the printosign panels in many common sizes for wall mounting with pixif or removable mushroom head adhesive tape. both systems are quickly and easily mounted to the wall.

personalizzabile

pixquick A6 large

pixquick®

MADE IN EU design by KD patented

IT pixquick è ideale come espositore da banco o da parete, è a prova di polvere e non ha cornici laterali che impediscano la corretta visione dell'informazione, ideale soprattutto proprio per quelle informazioni che debbano essere cambiate frequentemente. pixquick si può aprire da entrambi i lati, semplicemente spostando il pannello frontale o togliendolo completamente: basta una leggera pressione sugli angoli. policarbonato di alta qualità ed un processo produttivo moderno e tecnologico garantiscono al prodotto design, durata di vita notevole, uniformità delle dimensioni ed un aspetto decisamente gradevole, particolarmente elegante si presenta pixquick silver con il retro verniciato di color argento metallizzato.

DE pixquick als funktioneller thekenaufsteller oder als wanddisplay präsentiert optimal häufig zu wechselnde info, rahmenlos und staubgeschützt. zum öffnen kann das frontpaneel nach beiden seiten aufgeklappt oder komplett abgenommen werden, ein einfacher druck auf die ecken genügt. hochwertiges polycarbonat und produktionsverfahren nach dem letzten stand der technik garantieren ein langlebiges designprodukt mit masstreue und perfekter optik. besonders elegant und hochwertig wirkt pixquick silver mit seiner silbermetallisch lackierten rückseite.

EN pixquick is a perfectly functional frameless and dust proof counter or wall display, ideal for information that has to be changed frequently, the front panel can be opened in either direction or removed completely by simply pushing the corners. high grade polycarbonate and a state-of-the-art production process guarantees a long-lasting design product with constant size and a perfect look. pixquick silver is especially elegant with its metallic silver coated rear part.

pixquick flag A4

pixquick® flag

MADE IN EU design by KD

IT pixquick flag è il nuovo sistema di segnaletica bifacciale a bandiera, che mantiene ed esalta tutte le caratteristiche proprie della linea pixquick: l'informazione può essere stampata semplicemente anche su carta, introdotta nel pixquick e sostituita in qualsiasi momento. Il pixquick flag è disponibile in diversi formati. Il sistema di aggancio a muro, realizzato in metallo pressofuso color argento satinato, garantisce un fissaggio sicuro al prodotto, segnaletica pixquick: la migliore scelta per un sistema di guida semplicemente flessibile.

DE das doppelseitige auslegerschild der pixquick signage serie überzeugt mit allen vorteilen der pixquick reihe: die information wird einfach ausgedruckt und kann jederzeit schnell ausgetauscht werden. erhältlich ist der pixquick flag in vielen formaten. der hochwertige wandhalter aus silbermattem metall-druckguss hält den pixquick flag sicher an der wand. pixquick signage: ihre wahl für ein durchgängig gestaltetes äusserst flexibles wegweitsystem.

EN the double-side flag sign of the pixquick signage series convinces with all the advantages of the pixquick design: the information can be easily printed on paper and can be exchanged anytime. the pixquick flag is available in many different sizes. the high-grade wall support made of silver matt die-cast metal mounts the pixquick flag safely to the wall. pixquick signage: your choice for a consistently designed yet very flexible signage system.

pixquick® wall

MADE IN EU design by KD

IT in linea con la nuova serie di segnaletica pixquick, il nuovo formato da parete. l'informazione viene presentata senza cornici laterali, protetta dalla polvere e sarà facile sostituirla in qualsiasi momento. questo formato è particolarmente indicato per sistemi di segnaletica di direzione in edifici pubblici e grandi strutture, dove le indicazioni e le direzioni devono essere perfettamente visibili anche ad una certa distanza. il sistema pixquick è flessibile: le informazioni stampate su carta sono velocemente e semplicemente intercambiabili.

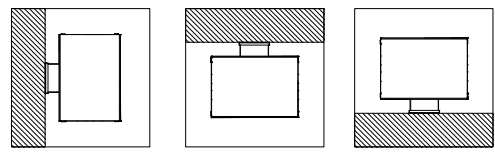

DE passend zur pixquick signage serie das neue maß für die wand: rahmenlos und staubgeschützt wird die information präsentiert und kann jederzeit leicht ausgetauscht werden. besonders geeignet ist dieses mass für leitssysteme in öffentlichen gebäuden und großen strukturen wo wegweiser auch aus einiger distanz klar und leicht erkennbar sein müssen. dabei ist das pixquick system jederzeit flexibel: auf papier gedruckte information wird einfach ausgetauscht.

EN matching with the pixquick signage series the new size for walls: frameless and dust-proof for a perfect information presentation. the information is printed on paper and can be easily exchanged anytime. thus you stay flexible with your signage. we recommend this system, especially for public buildings and big structures, where signs need to be clearly readable also from a certain distance.

information

lumo

MADE IN EU design by KD

IT Lumo è il pannello illuminato da parete di prima classe. il pannello in acrilico di 8 mm al contrario dei pannelli serigrafati è inciso e questo garantisce una regolare ed uniforme illuminazione anche nei formati più grandi. i led che utilizziamo per Lumo sono di alta qualità e garantiscono una lunga durata d'impiego. il foglio protettivo flessibile in policarbonato è resistente ai raggi uv e grazie al sistema di chiusura magnetica può essere sollevato in parte o completamente, rendendo così il cambio del manifesto rapido e semplice. il bordo laterale di 30mm serigrafato di colore nero è discreto e nel contempo elegante.

DE Lumo für die wandmontage ist ein extra flaches leuchtpanel der sonderklasse. das 8mm starke acryl ist graviert und somit garantiert es im gegensatz zum siebdruck die gleichmässige und vollständige ausleuchtung der gesamten fläche. die hochwertigen LED haben eine sehr lange lebensdauer. die transparente und flexible folie aus polycarbonat ist uv-beständig. durch den magnetverschluss ist sie teilweise oder auch komplett abnehmbar und der austausch der information ist damit jederzeit schnell und unkompliziert möglich. das schwarze siebdruck passepartout ist mit geringen 30mm sehr dezent gehalten.

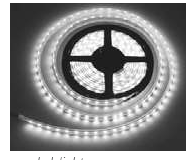

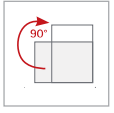

EN lumo for wall mounting is a special flat high quality light panel. the 8mm thick acrylic is etched and guarantees, unlike screen printed glass, a perfect and uniform illumination of the whole panel. the high-grade LED have a very long lifetime. the transparent and flexible cover sheet in polycarbonate is uv-resistant. thanks to the magnetic closing, the cover sheet can be removed partly or even completely, making the exchange of the poster quick and easy anytime. the black serigraph edges are very discreet at only 30mm.

magnofloor

MADE IN EU design by KD

IT magnofloor, una soluzione efficace per esporre poster informativi e cambiarli velocemente. posizioni il porta poster all'altezza desiderata e lo monti al profilo utilizzando le viti filettate. il cambio dell'informazione è semplice: il protettivo frontale è fissato con dei magneti ed è possibile aprirlo o rimuoverlo completamente, i portaposter vengono acquistati singolarmente: in questo modo, se lo si desidera, sarà possibile utilizzare magnofloor anche in modo bifacciale.

DE magnofloor zeigt ihre schnell zu wechselnde posterinfo, sie platzieren den posterhalter selbst in der gewünschten höhe und montieren dann mit den gewindeschneidenden schrauben am profil. die info kann einfach ausgetauscht werden: das frontcover ist magnetisch befestigt und lässt sich öffnen oder komplett abnehmen. zusätzlich bieten wir die posterhalter einzeln an, so können sie im bedarfsfall den magnofloor auch doppelseitig nutzen.

EN magnofloor displays your quick exchange poster information, you place the poster holder on the needed height and then fix it with the thread-cutting screws to the profile. the information can be easily exchanged anytime: the front protection cover is fixed magnetically and can be opened or completely removed, we provide you also with additional poster holders, in case you want to turn your magnofloor into a double side floor stand.

advantages

- ✔ portainformazioni autoportante da terra
freistehendes bodendisplay
- ✔ cambio veloce del banner informativo
infoposter schnell gewechselt
quick exchange of information poster
- ✔ flessibile grazie a chiusura magnetica
flexibel dank magnetabdeckung
flexible thanks to the magnetic cover
- ✔ design snello e moderno
schlankes, modernes design
lean and modern design
- ✔ utilizzo bifacciale possibile
auch doppelseitig erweiterbar
can be upgraded for double side use

poster display auf gewünschter höhe positionieren und mit den gewindeschneidenden schrauben befestigen

place poster display on the needed height and fix it with the thread cutting screws

estensione bifacciale: ordini le tasche aggiuntive nei formati che preferisci, esse verranno poi fissate alla scanalatura sul retro del profilo con le viti filettate all'altezza desiderata

doppelseitige erweiterung: einfach zusätzliche taschen in gewünschten format dazubestellen, die taschen werden dann mit den gewindeschneidenden schrauben auf der rückseitigen nut des profils in entsprechender höhe angebracht

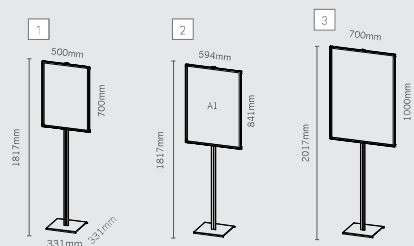

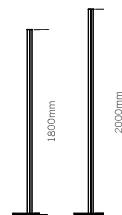

double-side upgrade: simply order additional pockets in the needed format, the pockets are then mounted to the rear nut of the profile with the thread cutting screws.

framframe floor

MADE IN EU design by KD

IT framframe floor può essere utilizzato con banner in tessuto mono- o bifacciali per creare espositori da terra autoportanti. i banner in tessuto sono sostituibili in modo veloce e in qualsiasi momento senza bisogno di smontare la struttura e ricorrere ad utensili. funge da parete divisoria, elemento decorativo o spazio pubblicitario. frontalmente sono visibili solo 2mm della cornice: i motivi rappresentati danno quindi l'idea di essere sospesi – la cornice passa in secondo piano.

DE framframe floor können sie ein- oder beidseitig mit textilen bannern für dekorative freistehende bodendisplays verwenden. die bedruckten stoffbanner können sie jederzeit schnell, ohne demontage und ohne werkzeug austauschen. ideal als raumteiler, dekoratives element oder werbefläche. frontal gesehen sind nur noch 2mm rand von der struktur sichtbar: die motive wirken autonom - das system hält sich diskret im hintergrund.

EN framframe floor you can use single- or double side with fabric banner for decorative freestanding floor displays. the printed banners can be exchanged quickly anytime without any tools. perfect as a partition, decorative element or advertising space. from the head-on view you see only 2mm of the structure: the images act for themselves - the framframe system steps back discreetly.
